

# NAPA COUNTY FARM BUREAU

Working for Permanent Protection of Agriculture and its Resources

## An invitation to NCFB's President's Circle

### Help us lead the fight to protect and promote Napa agriculture for generations to come

For over 40 years, Farm Bureau has led the efforts to protect our agricultural lands through the passage of the Ag Preserve and policies such as the "Right to Farm Ordinance", the "Groundwater Protection Ordinance", the "Winery Definition Ordinance." Your additional support allows us to continue our advocacy on the major land use decisions in the county to sustain our agricultural economy and legacy.

### Let Napa Farm Bureau help you reduce your expenses

Reduce your insurance costs with access to Farm Bureau programs offering competitive quotes for rates on your farm, auto, health and workers' compensation insurance.

### Help spread the word about the importance of Agriculture

Farm Bureau strives to educate our community leaders and educators about the world of agriculture and the important role it plays in our lives. They, in turn, pass along their knowledge to students and the community. Through **Agriculture In The Classroom** and events such as **Leadership Napa Valley**, we spread the word about the importance of agriculture.

### Let Farm Bureau help you reach your potential

Keep current on regulations, issues pertaining to ag in Napa County and industry trends through the monthly **Hotsheet, e-news** plus the quarterly **Grower Advocate**. In addition, members receive either **Ag Alert** or **California Country**, both published by the California Farm Bureau Federation.

### Exclusive member benefits
